## For WindowsVista

# **Installer operation manual**

### Index

1. Summary ······	…1
2. Initial Setting (Installation procedure)	··2
3. Operation	…4

This tool enables workshop manual CD which is not available on WindowsVista (following message is displayed when workshop manual is set) to install into the WindowsVista PC.

## 2. Initial Setting (Installation procedure)

In case of general PC, the account with administrator authority is required for install operation. Following message is displayed when CD-ROM is set, please click "OK" button to close dialogue. \* If CD-ROM would be set with pressing "Shift" button, following screen will not be displayed.

Replace inserted CD to WindowsVista-compatible CD and open the CD by "My computer" and "TOOL", "VISTAMSVE" is continuously opened, then double click "InstallMSV.exe" to start.
